PROFESSIONAL SUMMARY

Results-driven Customer Success professional with 5+ years of experience owning the end-to-end post-sales customer journey for B2B enterprise and tech clients, including major US-based accounts. Proven track record driving structured onboarding and activation, product/process adoption, account health monitoring, retention, and identifying expansion opportunities. Skilled at conducting business reviews, delivering training, resolving issues as the primary point of contact, and collaborating cross-functionally with Product and internal teams to maximize customer satisfaction and drive revenue growth. Combines operational rigor with a genuine customer-first mindset.

CORE COMPETENCIES

End-to-End Customer Journey Ownership • Onboarding, Implementation & Activation • Product Adoption & Training • Account Management & Relationship Building • Account Health Monitoring & Risk Mitigation • Retention, Renewals & Expansion • Business Reviews (QBRs) & Proactive Check-ins • Issue Resolution & Primary Point of Contact • Cross-Functional Collaboration (Sales, Product, Engineering) • Playbook & Process Development • US & International B2B Enterprise Client Management • Data-Driven Insights & Dashboards • Customer-First Mindset & High-Touch Support

PROFESSIONAL EXPERIENCE

Stakeholder & Site Operations Manager | Sodexo India Pvt. Ltd. (Client: American Express)

October 2025 – June 2026 | Owned end-to-end customer success for a major US-based enterprise client

- Owned the customer journey and day-to-day operational success for a major US-based enterprise client (American Express) across multiple locations, supporting 3,000+ stakeholders while managing a team of 82.
- Served as the primary point of contact for all stakeholder queries and grievances across locations; resolved issues promptly, escalated strategically when required, and coordinated with internal operations and support teams to improve overall customer experience.
- Led structured onboarding and activation of new processes and teams by creating playbooks, SOPs, and clear success metrics that improved consistency, reduced ramp-up time, and supported sustained adoption.
- Maintained daily, weekly, monthly, and quarterly cadences with the client; analysed performance data through dashboards and presented insights, trends, and action plans during QBRs and Monthly Management Reviews (MMRs).
- Consistently achieved GOP and revenue targets while contributing incremental revenue through process improvements and stronger stakeholder engagement; maintained a CSAT score of 4.8 throughout the engagement.
- Monitored account health using operational dashboards, proactively flagged risks, and implemented corrective actions that protected service levels (98% SLA) and strengthened long-term client relationship and retention.

Frontline Operations Manager | Sodexo India Pvt. Ltd. (Client: Google)

October 2024 – October 2025 | Managed day-to-day success and operations for a high-profile US tech client

- Owned day-to-day customer success and account management for a high-profile US tech client across 12 touchpoints, driving performance tracking, regular business reviews (QBRs-style), and proactive issue resolution that strengthened client trust, adoption, and long-term retention.
- Developed escalation frameworks and playbooks, conducted team training on consistent high-quality support delivery, and used data-driven insights to identify patterns and drive process improvements that enhanced customer outcomes and operational efficiency.

Brand Operations & Business Development Head | Vietnam India (Pan-India B2B)

October 2023 – October 2024

- Owned client relationships and success for five B2B contracts, achieving a 15% improvement in retention through proactive onboarding, regular check-ins, feedback-driven improvements, and identifying expansion opportunities across accounts that contributed to revenue growth.
- Developed operational playbooks and led customer/team training that accelerated client activation and ensured consistent high-quality delivery — building repeatable processes that scaled with the business and supported long-term account growth.

Operations & Hospitality Manager | ITC Hotels (Multi-location – High-Touch Service)

August 2021 – October 2023

- Delivered exceptional high-touch, personalized service to high-value clients while managing operations across multiple properties. Built deep expertise in anticipating needs, building trust quickly, and turning satisfied customers into long-term advocates and expansion opportunities.
- Authored comprehensive SOPs and playbooks that standardized high-quality service delivery, accelerated onboarding for both teams and clients, and created repeatable processes supporting consistent customer experience across locations.
